

**INDEPENDENT AUDITOR'S REPORT**

To the Members of Whizdm Innovations Private Limited

**Report on the Audit of the Consolidated Financial Statements****Opinion**

We have audited the accompanying consolidated financial statements of Whizdm Innovations Private Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the consolidated Balance Sheet as at March 31, 2025, the consolidated Statement of Profit and Loss including other comprehensive income, the consolidated Cash Flow Statement, the consolidated Statement of Changes in Equity for the year then ended, notes to the consolidated financial statements and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group as at March 31, 2025, their consolidated profit including other comprehensive income, their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

**Basis for Opinion**

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of Consolidated Financial Statements' section of our report. We are independent of the Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

**Other Information**

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified

under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of their respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

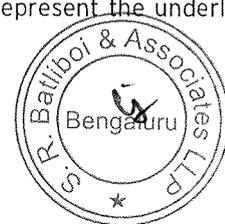

Those respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of their respective companies.

#### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ▶ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying

transactions and events in a manner that achieves fair presentation.

- ▶ Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### Other Matter

We did not audit the financial statements and other financial information, in respect of two subsidiaries, whose financial statements include total assets of Rs. 43,351.25 million as at March 31, 2025, and total revenues of Rs 8,800.97 million and net cash inflows of Rs 246.34 million for the year ended on that date. Those financial statements and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Further, we did not audit the financial statements and other financial information, in respect of one subsidiary, whose financial statements include total assets of Rs.251.88 million as at March 31, 2025, total revenues of Rs.36.32 million and net cash outflows of Rs.33.52 million for the period from the date of acquisition of such subsidiary (i.e. September 25, 2024 to March 31, 2025). Those financial statements and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of such other auditors.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

#### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary companies, incorporated in India, as noted in the 'Other Matter' paragraph we give in the "Annexure 1" a statement on the matters specified in paragraph 3(xxi) of the Order.
2. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries as noted in the 'Other Matter' paragraph we report, to the extent applicable, that:
  - a. We/the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;

- b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors except that, in respect of certain software used by the Holding Company, we have not been able to obtain sufficient and appropriate audit evidence that the backup of the books of account and other books and papers maintained in electronic mode was maintained on servers physically located in India on daily basis, as the necessary logs are not available with the Holding Company, as described in note 51 to the consolidated financial statements, and the matters stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g) the Companies (Audit and Auditors) Rules, 2014, as amended;
- c. The consolidated Balance Sheet, the consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the consolidated Cash Flow Statement and consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
- d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies, none of the directors of the Group's companies is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
- f. The modification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph (b) above.
- g. With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
- h. The provisions of section 197 read with Schedule V of the Act are not applicable to the Holding Company and its subsidiaries for the year ended March 31, 2025;
- i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries as noted in the 'Other matter' paragraph:
  - i. The Group does not have any pending litigations which would impact its financial position;
  - ii. The Group did not have any material foreseeable losses in long-term contracts including derivative contracts during the year ended March 31, 2025;
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiaries, incorporated in India during the year ended March 31, 2025;
  - iv. a) The respective managements of the Holding Company and its subsidiary companies whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries, to the best of their knowledge and belief, other than as disclosed in the note 49 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its subsidiary companies to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the respective Holding

Company or its subsidiary companies ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The respective managements of the Holding Company and its subsidiary companies whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiary companies respectively that, to the best of their knowledge and belief, other than as disclosed in the note 49 to the consolidated financial statements, no funds have been received by the respective Holding Company or its subsidiary companies from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or its subsidiary companies shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiary companies whose financial statements have been audited under the Act, nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.

- v. No dividend has been declared or paid during the year by the Holding Company and its subsidiaries.
- vi. Based on our examination which included test checks and that performed by the respective auditors of the subsidiaries which are companies incorporated in India and whose financial statements have been audited under the Act, the Holding Company and the subsidiaries have used accounting software for maintaining their respective books of account which have a feature of recording audit trail (edit log) facility and the same have operated throughout the year for all relevant transactions recorded in the software except that, for the new software used by the Holding Company for expense processing, the audit trail feature was not enabled for direct changes to database when using certain access rights, and in respect of other software previously used by the Holding Company for expenses and payroll processing (operated by third-party software service providers), in the absence of necessary evidence in Service Organisation Controls report, we are unable to comment on whether audit trail feature was enabled and operated throughout the year for all relevant transactions recorded in the software or whether there were any instances of the audit trail feature being tampered with or whether the audit trail has been preserved as per the statutory requirements for record retention, as described in note 51 to the consolidated financial statements. Further, during the course of our audit, we and respective auditors of the above referred subsidiaries did not come across any instance of audit trail feature being tampered with where the audit trail has been enabled. Additionally, the audit trail has been preserved as per the statutory requirements for record retention, in respect of accounting software where the audit trail has been enabled.

## Annexure 1

Annexure referred to in paragraph 1 of "Report on Other Legal and Regulatory Requirements" of our report of even date

Re: Whizdm Innovations Private Limited ('the Group')

In terms of the information and explanations sought by us and given by the Holding Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, and based on the consideration of reports of auditors in respect of subsidiaries, we state that there are no qualifications or adverse remarks by the respective auditors in the Companies (Auditors Report) Order (CARO) reports of the companies included in the consolidated financial statements. Accordingly, the requirement to report on clause 3(xxi) of the Order is not applicable to the Holding Company.

Annexure 2 referred to in paragraph 2(f) under the heading "Report on Other Legal and Regulatory Requirements" of our Independent Auditor's Report of even date on the Consolidated Financial Statements of Whizdm Innovations Private Limited

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated financial statements of Whizdm Innovations Private Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which are companies incorporated in India, as of that date.

#### **Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the companies included in the Group, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on, "the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the 'Other Matter' paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

#### **Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements**

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that

transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls with Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, the Group, which are companies incorporated in India, have maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

## Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements of the Holding Company, in so far as it relates to subsidiary companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries incorporated in India. Our opinion is not modified in respect of this matter.

Whizdm Innovations Private Limited

Consolidated Statement of Cash Flow for the year ended March 31, 2025

(All amounts are in Indian Rupees Millions, unless otherwise stated)

	Year ended March 31, 2025	Year ended March 31, 2024
<b>A. CASH FLOWS FROM OPERATING ACTIVITIES</b>		
Profit before tax	3,192.12	1,983.04
Adjustments:		
Depreciation and amortization expense	89.51	48.59
Impairment allowance on portfolio loans	3,460.38	1,215.21
Profit on sale of investments	(241.02)	(229.00)
Unwinding of discount on security deposits measured at amortized costs	(0.84)	(0.37)
Net unrealised (gain)/loss on investments carried at FVTPL	(33.45)	28.09
Employee stock compensation expense	274.61	172.87
Interest on portfolio loans	(7,890.46)	(3,008.33)
Interest on borrowings	3,785.56	1,238.39
Interest on lease liabilities	25.56	8.10
Interest on refund of income tax	(35.31)	-
Interest income on fixed deposits	(83.05)	(267.43)
<b>Operational cash flow from interest:</b>		
Interest received on portfolio loans	7,450.38	2,634.20
Interest payments on borrowings	(2,788.37)	(1,045.65)
<b>Operating profit before working capital changes</b>	<b>7,205.62</b>	<b>2,777.71</b>
Movements in working capital :		
(Increase) in trade receivables	(168.02)	(1,378.98)
(Increase) in loans	(21,116.03)	(17,035.79)
(Increase) in other financial assets	(288.86)	(135.25)
(Increase) in other assets	(37.31)	(61.88)
Increase in trade payable	253.65	181.76
Increase/(Decrease) in provisions	28.37	(293.72)
Increase in other liabilities	523.20	555.01
<b>Cash (used in) operations</b>	<b>(13,599.38)</b>	<b>(15,391.14)</b>
Income taxes paid (net of refund)	(456.95)	(929.60)
<b>Net cash flows (used in) operating activities (A)</b>	<b>(14,056.33)</b>	<b>(16,320.74)</b>
<b>B. CASH FLOWS FROM INVESTING ACTIVITIES</b>		
Purchase of property, plant and equipment and intangible assets	(106.83)	(32.34)
Investments in bank deposits	(10,179.49)	(7,372.18)
Redemption/maturity of bank deposits	8,756.41	9,928.20
Consideration paid for business acquisition (refer note 48)	(595.67)	-
Purchase of investments	(78,664.61)	(28,276.52)
Proceeds from sale of current investments	79,342.97	29,946.80
Interest received on bank deposits	49.59	223.63
<b>Net cash flow (used in)/ generated from investing activities (B)</b>	<b>(1,397.63)</b>	<b>4,417.59</b>
<b>C. CASH FLOWS FROM FINANCING ACTIVITIES</b>		
Proceeds from issuance of equity shares	386.40	4.83
Proceeds from issuance of compulsorily convertible preference shares (CCPS)	46.74	1,040.22
Expenses on issue of shares	-	(10.44)
Repurchase of employee stock options during the year	-	(84.21)
Payment of principal portion of lease liabilities	(9.43)	(12.16)
Payment of interest portion of lease liabilities	(25.56)	(5.73)
Proceeds from borrowings, net	40,361.30	20,720.84
Repayment of borrowings	(24,182.48)	(6,471.29)
Interest paid on borrowings	(131.51)	(4.00)
<b>Net cash flow from financing activities (C)</b>	<b>16,445.46</b>	<b>15,178.06</b>

**Whizdm Innovations Private Limited**  
**Summary of material accounting policies**

**1. Corporate Information**

Whizdm Innovations Private Limited ("Holding Company" or "the Company") was incorporated on August 11, 2014 under the Companies Act, 2013 ("the Act"). The consolidated financial information comprises the financial information of the Holding Company and its subsidiaries. (the Holding Company and its subsidiaries together referred to as "the Group") for the year ended March 31, 2025. The registered office of the Company is The Address Building, Survey No. 17/1, Outer Ring Rd, Kadubeesanahalli, Bengaluru, Karnataka 560103.

The Group is in the business of providing a) financial services which primarily includes facilitation of consumer lending through the platform partners including its wholly owned subsidiary. b) providing on demand salary/earned wage access to corporate employees

**2. Statement of Compliance**

The financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), and applicable provisions of the Companies Act, 2013 and other applicable regulatory norms / guidelines. The financial statements for the year ended March 31, 2025 were approved for issue by the Board of Directors on May 14, 2025.

**3. Material accounting policies:**

**(i) Basis of Preparation**

The Financial statements have been prepared in accordance with the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act as amended from time to time.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

**(ii) Basis of Consolidation**

The Group consolidates the companies which it owns or controls. The Consolidated financial statements comprises the financial statements of the Company and its subsidiaries.

Control exists when the parent has the power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affects the entity's returns. Subsidiary is consolidated from the date of control commences until the date control ceases.

The consolidated financial statements of Group Companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealised gain/ loss from such transactions are eliminated upon consolidation. This consolidated financial statements is prepared by applying uniform accounting policies in use at the Group.

The consolidated financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., years ended March 31, 2025 and March 31, 2024 as the case may be

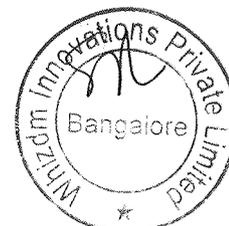

**(iii) Business Combination and Goodwill**

Business combinations (other than those under common control) are accounted for using the acquisition method under Ind AS 103. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value. Acquisition-related costs are expensed as incurred. At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- i. The assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 19 Employee Benefits.
- ii. Deferred tax assets and liabilities are recognized and measured in accordance with Ind AS 12 Income Taxes.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. The consideration transferred by the acquirer is recognized at fair value at the acquisition date.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred over the net identifiable assets acquired and liabilities assumed. After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that they might be impaired.

**Whizdm Innovations Private Limited**  
**Summary of material accounting policies**

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in statement of profit or loss.

An impairment loss recognised for goodwill is not reversed in subsequent periods.

**(iv) Going concern and basis of measurement**

The financial statements have been prepared on a going concern basis under the historical cost convention on accrual basis except for certain financial assets which are measured at fair values at the end of each reporting year.

All assets and liabilities have been classified as current or non-current as per the criteria set out in the Companies Act, 2013. The Group has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

**(v) Functional and presentation currency**

These financial statements are presented in Indian Rupees, which is also the Company's functional currency. All amounts have been rounded off to millions with two decimal places as permitted by Division II of Schedule III of the Act, except when otherwise indicated.

**(vi) Use of estimates and judgements**

The preparation of the financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future year. An overview of the areas that involve a higher degree of judgement or complexity, and of items, which are more likely to be materially adjusted due to, estimates and assumptions turning out to be different than those originally assessed have been disclosed below. Detailed information about each of these estimates and judgments is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Estimate and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under circumstances.

**(vii) Current versus non-current classification**

The Group presents assets and liabilities in the consolidated balance sheet based on current / non-current classification. An asset is classified as current when it is expected to be realised or intended to be sold or consumed in normal operating cycle, held primarily for the purpose of trading, expected to be realised within twelve months after the reporting period, or cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current. A liability is classified as current when it is expected to be settled in normal operating cycle, it is held primarily for the purpose of trading, it is due to be settled within twelve months after the reporting period, or there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

**(viii) Recent accounting pronouncements and amendments:**

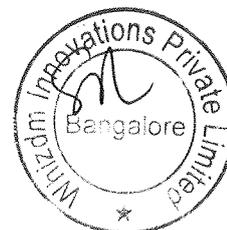

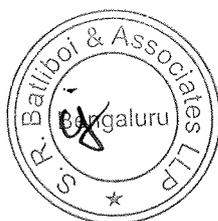

*Ind AS 116- Leases:*

The MCA notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024, which amend Ind AS 116, Leases, with respect to Lease Liability in a Sale and Leaseback.

The amendment specifies the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains.

The amendment is effective for annual reporting periods beginning on or after 1 April 2024 and must be applied retrospectively to sale and leaseback transactions entered into after the date of initial application of Ind AS 116.

The amendment does not impact Group's financial statements.

**Whizdm Innovations Private Limited**  
**Summary of material accounting policies**

**3.2 Revenue recognition**

*Income from platform services*

The Company provides digital lending services. The Company does not lend directly but facilitates the borrowers and regulated lenders through its platform. The Company earns platform fee and commission income from its platform partners.

Revenue from services is recognized when the control in services is transferred as per the terms of the agreement with customer i.e. as and when services are rendered. Revenues are disclosed net of the Goods and Services Tax charged on such services. In terms of the contract, an excess of revenue over the billed at the year end is carried in the consolidated balance sheet as trade receivables where the amount is recoverable from the customer without any future performance obligation and the Group has unconditional right over such consideration (i.e. if only the passage of time is required before payment of such consideration is due). Revenue is recognized either at a point in time or over time, when (or as) the Group satisfies the performance obligations by transferring the promised services to its customers.

*Interest income on Loans*

Interest income on loans is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at FVTPL.

The EIR in case of a financial asset is computed

- As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- By considering all the contractual terms of the financial instrument in estimating the cash flows
- Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

*Interest income other than on loans*

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Group and the revenue can be measured reliably and there exists reasonable certainty of its recovery. Interest income is accrued on a time basis, by reference to the principle outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

*Other income*

Other income includes fair value gain in respect of financial assets measured through profit & loss. All other incomes are recognized on an accrual basis when no significant uncertainty exists on their receipt.

**3.3 Property, Plant and Equipment and Depreciation**

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment losses, if any. The cost comprises the purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

*Subsequent measurement (depreciation method, useful lives and residual value)*

Depreciation on assets is provided on Written Down Value Method ('WDV') in accordance with the rates arrived at based on the useful lives prescribed under Schedule II of the Companies Act, 2013. Management estimates useful life of assets as following:

Asset class	Useful Life as Prescribed by Schedule II of the Companies Act, 2013	Useful life adopted by the Group
Furniture and fixtures	10 years	10 years
Computers and peripherals	3 years	3 years
Office equipment	5 years	5 years

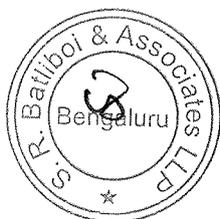

Leasehold improvements are depreciated over the shorter of their useful life or the lease term, unless entity expects to use the asset beyond lease term.

For others depreciation is calculated on pro rata basis over the estimated useful life of the asset.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

*De-recognition*

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the Statement of Profit and Loss, when the asset is derecognized.

**Whizdm Innovations Private Limited**  
**Summary of material accounting policies**

**3.4 Intangible assets and Amortization**

*Recognition and initial measurement*

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

*Subsequent measurement (amortization method, useful lives and residual value)*

Intangible assets are amortized on a straight-line basis over the estimated useful economic life. Management estimates useful life of intangible assets as following:

Asset class	Useful Life as Prescribed by Schedule II of the Companies Act, 2013	Useful life adopted by the Group
Software and licenses	3 years	3 years
Brand	5 years	5 years
Customer Relationship	5 years	5 years

Amortization is calculated on pro rata basis over the expected useful life of the intangible assets. The residual values, useful lives and method of amortisation are reviewed at the end of each financial year. The amortization expense on intangible assets is recognized in the Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset.

*De-recognition of Intangible Assets*

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognized in the Statement of Profit and Loss when the asset is derecognized.

**3.5 Finance Costs**

Finance costs represent Interest expense recognised by applying the EIR to the gross carrying amount of financial liabilities. Interest expense includes issue costs that are initially recognized as part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses, provided these are incremental costs that are directly related to the issue of a financial liability.

**3.6 Fair value measurement**

The Group measures financial instruments at fair value at the balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

**Level 1** - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

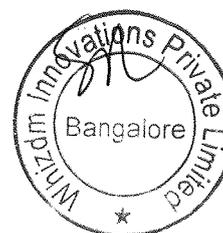

**Level 2** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and

**Level 3**- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

**Whizdm Innovations Private Limited**  
**Summary of material accounting policies**

**3.7 Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

**Financial assets:**

*Initial recognition and measurement*

Financial assets are classified, at initial recognition, and subsequently measured at amortized cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under Ind AS 115.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortized cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognized on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

*Subsequent measurement*

**Financial assets carried at amortized cost** – a financial asset is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method and are subject to impairment as per the accounting policy applicable to 'Impairment of financial assets'. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the Statement of Profit and Loss.

**Financial assets carried at fair value through profit and loss-**

Financial assets in this category are those that are held for trading and have been either designated by management upon initial recognition or are mandatorily required to be measured at fair value under Ind AS 109 i.e. they do not meet the criteria for classification as measured at amortized cost or FVTOCI. Management only designates an instrument at FVTPL upon initial recognition, if the designation eliminates, or significantly reduces, the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognizing gains or losses on them on a different basis. Such designation is determined on an instrument-by-instrument basis.

For the Group, this category includes investments in quoted mutual funds.

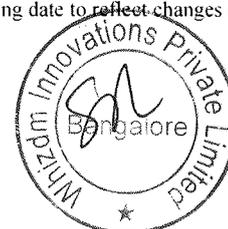

Financial assets at fair value through profit or loss are carried in the consolidated balance sheet at fair value with net changes in fair value recognized in the statement of profit and loss.

*De-recognition of financial assets*

Financial assets (or where applicable, a part of financial asset or part of a Group of similar financial assets) are derecognized (i.e. removed from the Group's consolidated balance sheet) when the contractual rights to receive the cash flows from the financial asset have expired, or when the financial asset and substantially all the risks and rewards are transferred. Further, if the Group has not retained control, it shall also derecognize the financial asset and recognize separately as assets or liabilities any rights and obligations created or retained in the transfer.

*Impairment of financial assets*

The Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments, trade receivables, portfolio loans, other contractual rights to receive cash or other financial asset not designated as at FVTPL. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

**Whizdm Innovations Private Limited**  
**Summary of material accounting policies**

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments. The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Group does the assessment of significant increase in credit risk at a borrower level.

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

**Financial liabilities:**

*Initial recognition and measurement*

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, borrowings, default loss guarantee etc.

The group as a Lending Service Provider "LSP" enters into service agreements with Regulated Entities (REs), wherein it provides a Default Loss Guarantee (DLG) in accordance with the Reserve Bank of India's Guidelines on Default Loss Guarantee in Digital Lending, dated June 8, 2023.

The group recognises a DLG-related expense in the Statement of Profit and Loss when a claim is raised by the RE and the Company's obligation to settle becomes due. In addition, the group recognises a financial liability representing its estimated future obligations under the DLG arrangements. This provision is measured based on the expected outcomes attributable to the Company's share, considering historical performance and other risk indicators.

*Subsequent measurement*

After initial recognition, borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Trade and other payables are recognised at the transaction cost, which is the fair value and subsequently measured at amortised cost.

*De-recognition*

Financial liability is de-recognized when the obligation under the liability is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit or Loss.

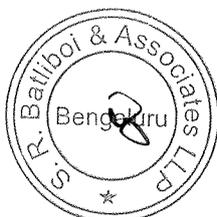

*Offsetting of financial instruments*

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

**Equity verses financial liability classification:**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs. The Group classifies a financial instrument issued by it as equity instrument only if below conditions are met:

- The instrument includes no contractual obligation to deliver cash or another financial asset to another entity. Nor it includes any obligation to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the issuer.
- If the instrument will, or may, be settled in the Group's own equity instruments, it is non-derivative instrument that includes no contractual obligation for the Group to deliver a variable number of its own equity instruments. If the instrument is

**Whizdm Innovations Private Limited**  
**Summary of material accounting policies**

derivative, then it should be settled only by the Group exchanging a fixed amount of cash or another financial asset for a fixed number of its own equity instruments.

All other instruments are classified as financial liability and accounted for using the accounting policy applicable to the Financial Liabilities.

**3.8 Employee benefits**

The Group provides employment benefits through various defined contribution, defined benefit plans and short-term employee benefits.

*Defined contribution plans*

The Group has no obligation, other than the contribution payable to the provident fund. The Group's contribution in the form of provident fund is considered as a defined contribution plan and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid.

*Defined benefit plans*

The defined benefit plans sponsored by the Group define the amount of the benefit that an employee will receive on completion of services by reference to length of service and last drawn salary. The legal obligation for any benefits remains with the Group.

The Group operates a defined benefit gratuity plan in India which is unfunded. The liability recognized in the financial statements in respect of gratuity is the present value of the defined benefit obligation at the reporting date, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit obligation is calculated at the reporting date by an independent actuary using the projected unit credit method.

Re-measurements, comprising actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability, are recognized immediately in the consolidated balance sheet with a corresponding debit or credit to statement of OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognized in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Group recognizes related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

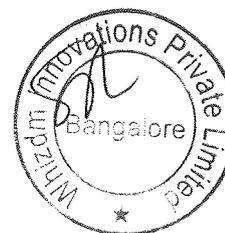

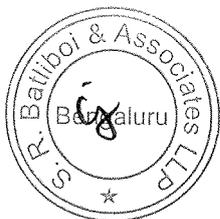

- Service costs comprising current service costs, past service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as a short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Group recognizes the expected cost of short-term employee benefit as an expense, when an employee renders the related service.

The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the reporting date. Remeasurement gains/losses are immediately taken to the statement of profit and loss and are not deferred. The obligations are presented as current liabilities in the consolidated balance sheet if the entity does not have an unconditional right to defer the settlement for at least twelve months after the reporting date.

*Short-term employee benefits*

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service.

**Whizdm Innovations Private Limited**  
**Summary of material accounting policies**

**3.9 Leases**

At inception of a contract, Group assesses whether the contract is, or contains, a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use of an identified asset (the underlying asset) for a period of time in exchange for consideration'.

*Group as a Lessee*

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets. The Group recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets as follows:

- Office Building 5- 10 years

In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments to be made over the lease term, that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

*Short-term leases:*

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option).

The Group applies the low-value asset recognition exemption on a lease-by-lease basis, if the lease qualifies as leases of low-value assets. In making this assessment, the Group also factors below key aspects:

- The assessment is conducted on an absolute basis and is independent of the size, nature, or circumstances of the lessee.
- The assessment is based on the value of the asset when new, regardless of the asset's age at the time of the lease.
- The lessee can benefit from the use of the underlying asset either independently or in combination with other readily available resources, and the asset is not highly dependent on or interrelated with other assets.
- If the asset is subleased or expected to be subleased, the head lease does not qualify as a lease of a low-value asset.

Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

**3.10 Taxation**

Tax expense recognized in profit or loss comprises the sum of deferred tax and current tax. It is recognized in Statement of Profit and Loss, except when it relates to an item that is recognized in Other comprehensive income (OCI) or directly in equity, in which case, the tax is also recognized in Other comprehensive income or directly in equity.

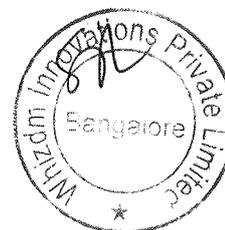

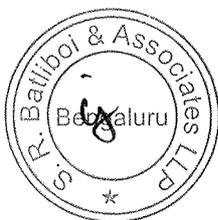

*Current tax:*

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

*Deferred Tax:*

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable income.

Deferred tax liability is recognized for all taxable temporary differences, except:

**Whizdm Innovations Private Limited**  
**Summary of material accounting policies**

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss and does not give rise to equal taxable and deductible temporary differences.
- In respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled, and it is probable that the temporary differences will not reverse in the foreseeable future

A deferred tax asset is recognized for all deductible temporary differences to the extent that it is probable that future taxable profits will be available against which the deductible temporary difference can be utilized, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss and does not give rise to equal taxable and deductible temporary differences.
- In respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Changes in deferred tax assets or liabilities are recognized as a component of tax income or expense in profit or loss, except where they relate to items that are recognized in other comprehensive income or directly in equity, in which case the related deferred tax is also recognized in other comprehensive income or equity, respectively.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

The Group offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

### **3.11 Provisions and contingent liabilities**

The Group recognizes a provision when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks, time value of money and uncertainties surrounding the obligation.

In cases where the available information indicates that the loss on the contingency is reasonably possible but the amount of loss cannot be reasonably estimated, a disclosure is made in the financial statements.

Provisions are reviewed at each consolidated balance sheet date and adjusted to reflect the current best estimates. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

A contingent liability is disclosed for:

- A possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the group or
- A present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

The Group does not recognize a contingent liability but discloses its existence and other required disclosures in notes to the financial statements, unless the possibility of any outflow in settlement is remote.

**Whizdm Innovations Private Limited**  
**Summary of material accounting policies**

**3.12 Earnings per share**

Basic earnings per share is calculated by dividing the net profit or loss attributable to owners of the Company (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding as at reporting date.

Partly paid shares are treated as a fraction of an share to the extent that they are entitled to participate in dividends relative to a fully paid share during the reporting period. The weighted average number of equity shares outstanding as at reporting date is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**3.13 Segment Reporting**

The Group is engaged in the businesses of providing Loan facilitation services among others in terms of Ind AS 108 "Operating segments" specified under section 133 of the Companies Act, 2013. The entire revenues are billable within India and there is only one geographical segment.

Operating segments are reported in a manner consistent with the internal reporting provided to the Board of directors ("Chief Operating Decision Maker" (CODM)). The CODM is responsible for allocating resources and assessing the performance of the operating segments of the Group.

**3.14 Impairment of non- financial assets**

The Group assesses at each balance sheet date whether there is any indication that an asset may be impaired due to events or changes in circumstances indicating that their carrying amounts may not be realized. If any such indication exists, the Group estimates the recoverable amount of the asset or the cash generating unit ("CGU"). If such a recoverable amount of the asset or the recoverable amount of the CGU to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. Recoverable amount is determined:

- i. in the case of an individual asset, at the higher of the fair value less costs of disposal and the value-in-use; and
- ii. in the case of a cash generating unit (the smallest identifiable group of assets that generates independent cash flows), at the higher of the cash generating unit's fair value less costs of disposal and the value-in-use.

The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the revised recoverable amount, subject to maximum of the depreciated historical cost.

**3.15 Share-based payments**

*Equity Settled transactions:*

Employees of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

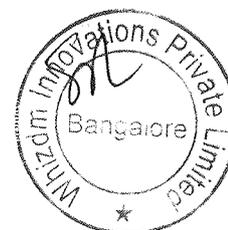

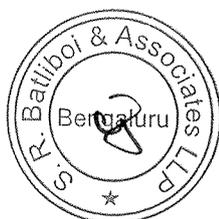

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using black scholes model.

That cost is recognized, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the statement of profit and loss for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognized for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognized is the grant date fair value of the unmodified award, provided the original vesting terms of the award are met. An additional expense, measured as at the date of modification, is recognized for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

**Whizdm Innovations Private Limited**  
**Summary of material accounting policies**

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

*Cash settled transactions:*

A liability is recognised for the fair value of cash-settled transactions. The fair value is measured initially and at each reporting date up to and including the settlement date, with changes in fair value recognised in employee benefits expense. The fair value is expensed over the period until the vesting date with recognition of a corresponding liability.

The approach used to account for vesting conditions when measuring equity-settled transactions also applies to cash-settled transactions.

**3.16 Cash and cash equivalents**

Cash comprises cash on hand and cash at bank, including fixed deposits with original maturity period of three months or less and short-term highly liquid investments with an original maturity of three months or less, which are subject to insignificant risk of changes in value. Cash equivalents are short-term balances, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

**3.17 Statement of Cash Flows**

Statement of Cash Flows is reported using the indirect method, whereby the net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The Statement of Cash Flows from operating, investing and financing activities of the Group are segregated.

**3.18 Events after reporting period**

If the Group receives information after the reporting period, but prior to the date of approved for issue, about conditions that existed at the end of the reporting period, it will assess whether the information affects the amounts that it recognizes in its consolidated financial statements. The Group will adjust the amounts recognized in its financial statements to reflect any adjusting events after the reporting period and update the disclosures that relate to those conditions in light of the new information. For non-adjusting events after the reporting period, the Group will not change the amounts recognized in its Consolidated financial statements but will disclose the nature of the non-adjusting event and an estimate of its financial effect, or a statement that such an estimate cannot be made, if applicable.

**3.19 Standards notified but not yet effective**

There are no standards that are notified and not yet effective as on the date.

**3.20 Significant management judgments in applying accounting policies and estimation of uncertainty**

The preparation of the Group's financial statements requires management to make judgments, estimates, and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures. Actual results may differ from these estimates.

**3.21 Significant management judgments:**

**Recognition of deferred tax assets/ liabilities** – The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized.

**Evaluation of indicators for impairment of assets** – The evaluation of the applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

**3.22 Significant estimates:**

Useful lives of depreciable/amortizable assets: Refer note 3.3 and 3.4

Fair value measurement of financial instruments: Refer note 3.7

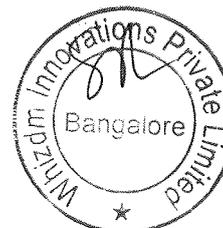

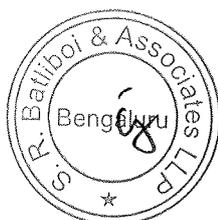

Employee benefits expense: Refer note 3.8

Deferred Tax: Refer note 3.10

Incremental borrowing rate used for accounting of leases - company as a lessee: Refer note 3.9

Provisions and other contingent liabilities - Refer note 3.11

Estimating fair value for share-based payment transactions: Refer note 3.15

**Whizdm Innovations Private Limited**

**Note:**

(a) The Group has not revalued any of its assets during the current year or previous year.

(b) Net block of intangible assets represents carrying values of all such assets under previous GAAP (deemed cost) on the date of transition to Ind AS i.e. April 01, 2021 as the Group has applied the practical expedient and have considered the carrying value of the Intangible assets as the cost of those assets as per the provision of Ind AS 101.

(c) Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

For impairment testing, goodwill is allocated to a CGU representing the lowest level within the Group at which goodwill is monitored for internal management purposes. Goodwill is tested for impairment at least annually in accordance with the Group's procedure for determining the recoverable value of each CGU. The recoverable amount of the CGU is determined on the basis of Higher of value in use or Fair Value Less Cost of Disposal (FVLCD). The recoverable amount of the CGU is determined based on the discounted cash flow approach, using the discount rate and terminal income growth rate from unobservable market data by the Management for the year ended March 31, 2025. The discount rate applied to the cash flow projections is within the range of 15%-20% (March 31, 2024: Nil) and cash flows beyond the five year period were extrapolated using a growth rate of 4% (March 31, 2024: Nil), which was same as the long term average growth rate of the respective industry in which the entity operates in India. The fair value measurement is categorised as a level 3 fair value based on the inputs in the valuation techniques used. Goodwill acquired through business combinations have been allocated to the reporting units for impairment testing. As at March 31, 2025, the estimated recoverable amount of the CGU exceeded its carrying amount. Reasonable sensitivities in key assumptions is unlikely to cause the carrying amount to exceed the recoverable amount of the cash generating units.

311,768 (March 31, 2024: Nil) Series E6 CCPS of Re. 1 each	0.31	-
	<b>23.46</b>	<b>21.43</b>

**i) Rights, preferences and restrictions attached to CCPS:**

CCPS were issued at premium (face value Re.1, Rs.10 and Rs.100 each) and each such outstanding CCPS is convertible into fixed number of equity shares at the conversion ratio of 1:501 for all such series except series C3, series E3, series E4, series E5 and series E6 of investor preference shares. For other series the conversion ratios will be as follows: (i) series C3 - 1:143.39 (ii) series E3, E4, E5 and E6 - 1:1 respectively.

The above mentioned conversion will take effect upon the earlier of:

- the date that is immediately prior to the date of filing of a red herring prospectus, or
- the date, or the occurrence of an event, specified by vote or written consent or agreement of each investor or
- 20 (twenty) years after the date on which such series of investor preference shares were first issued by the Company.

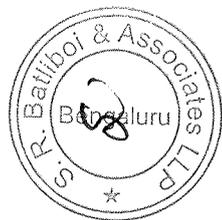

The holders of these shares are entitled to a dividend of 0.01% p.a. proportionately for the period for which the shares are being held and it shall be paid in preference to any dividend or distribution payable upon shares of any other class. Each holder of CCPS shares is entitled to vote at each meeting of the holders of the equity shares to the extent of such proportion of the total voting rights, as they would have been entitled assuming full conversion of the CCPS shares.

The holders of the preference share shall be entitled to receive notice of and vote on all matters that are submitted to the vote of the shareholders of the Company (including the holders of equity shares). Each preference share shall entitle the holder to the number of votes equal to the number of whole equity shares into which such preference share could then be converted.

In the event of liquidation of the Company, each series of preference shares shall be entitled to receive out of the proceeds or assets of the Company available for distribution, on a pari passu basis with the other preference holders and prior and in preference to any distribution of proceeds of such liquidation event to the holders of equity shares.

The holders of the aforesaid CCPS are entitled to a broad-based weighted average anti-dilution protection in accordance with Schedule 3 of the shareholders agreement dated December 18, 2024.

**Nature and purpose of reserve**

**(i) Securities premium**

Securities premium is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

**(ii) Retained earnings**

The cumulative gain or loss arising from the operations which is retained by the Group is recognised and accumulated under the heading of retained earnings. Retained earnings include re-measurement loss/(gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss.

**(iii) Debenture redemption reserve**

This comprises of funds set aside by the Group of atleast 10% of the total outstanding value of non convertible debentures maturing during the next financial year as per the provision of Companies Act, 2013 and Companies (Share Capital and Debentures) Rules, 2014.

**(iv) Share forfeiture reserve**

The Share forfeiture reserve account is used by company to manage the financial implications of forfeited shares. When a shareholder fails to meet their payment obligations, the Company has the right to forfeit their shares. The unpaid amount pertaining to the forfeited share is transferred to the Share Forfeiture Reserve.

**(v) Share based payment reserve**

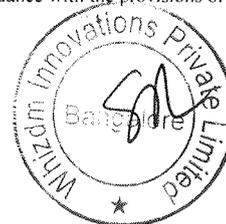

The Group has established equity settled share based payment plans for employees of the Group. The reserve is used to recognise grant date fair value of the options granted to its employees under the employee stock option plan.

**(vi) Statutory reserve**

Statutory reserve represents reserve created pursuant to the Reserve Bank of India Act, 1934 ("the RBI Act"). In terms of Section 45-IC of the RBI Act, a Non-Banking Finance Company is required to transfer an amount not less than 20 per cent of its net profit to a Reserve Fund, before declaring any dividend. Appropriation from this Reserve Fund is permitted only for the purposes specified by RBI.

**(vii) Capital Redemption Reserve**

As per Companies Act, 2013, capital redemption reserve is created when company purchases its own shares out of free reserves or securities premium. A sum equal to the nominal value of the shares so purchased is transferred to capital redemption reserve. The reserve is utilised in accordance with the provisions of section 69 of the Companies Act, 2013.

<b>Earnings per share</b>		
Basic (in Rs.)	1.62	1.19
Diluted (in Rs.)	1.60	1.18

(This space has been intentionally left blank)

39 Leases

Group as a lessee

The Group has leases for office premises used in its business operations. With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability.

Each lease generally imposes a restriction that, unless there is a contractual right for the Group to sublease the asset to another party, the right-of-use asset can only be used by the Group. The Group is prohibited from selling or pledging the underlying leased assets as security. For leases over office buildings the Group must keep those properties in a good state of repair and return the properties in their original condition at the end of the lease.

(a) Right of Use assets

Set out below are the carrying amounts of right-of-use assets recognised and the movements during the period:

Particulars	Office Buildings	Total
<b>As at March 31, 2023</b>	<b>9.68</b>	<b>9.68</b>
Additions	180.93	180.93
Adjustments	-	-
Depreciation expense	(14.86)	(14.86)
<b>As at March 31, 2024</b>	<b>175.75</b>	<b>175.75</b>
Additions	69.80	69.80
Adjustments	-	-
Depreciation expense	(25.74)	(25.74)
<b>As at March 31, 2025</b>	<b>219.81</b>	<b>219.81</b>

(b) Lease liabilities

Set out below are the carrying amounts of lease liabilities and the movements during the period.

Particulars	Lease liabilities
<b>As at March 31, 2023</b>	<b>13.63</b>
Additions	174.51
Interest on lease liabilities	8.10
Rent payments	(17.88)
<b>As at March 31, 2024</b>	<b>178.36</b>
Additions	63.56
Interest on lease liabilities	25.56
Rent payments	(34.99)
<b>As at March 31, 2025</b>	<b>232.49</b>

Particulars	March 31, 2025	March 31, 2024
Lease Liability - Current	13.36	8.74
Lease Liability - Non- Current	219.13	169.62

(c) Maturity analysis of lease liabilities

Lease liabilities	As at March 31, 2025	As at March 31, 2024
Within one year	42.14	31.26
After one year but not more than five years	193.56	130.38
More than five years	142.46	148.06

(d) Amount recognized in Statement of Profit and Loss:

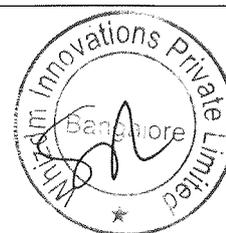

Depreciation charge on office premises	25.74	14.86
Interest on lease liabilities	25.56	8.10
Rental expenses relating to short-term lease	34.33	9.84
	<b>85.63</b>	<b>32.80</b>

(e) Information about right of use assets

Particulars	As at March 31, 2025	As at March 31, 2024
Nature of right of use asset	Office premises	Office premises
No. of right of use assets leased	5	4
Range of remaining term	58-103 months	10-106 months
Future cash flows to which lessee is potentially exposed to that are not reflected in the measurement of lease liabilities		
Variable lease payments	-	-
Extension and termination options	-	-
Residual value guarantees	-	-
Leases not yet commenced to which the lessee is committed	-	-
<b>Total</b>		
Restrictions or covenants imposed by leases	None	None
Sale and leaseback transactions	None	None

(f) The total cash outflow for leases for the year ended is Rs.34.99 (March 31, 2024: 17.88)

(g) The weighted average incremental borrowing rate applied to lease liabilities recognised is 13.00 % p.a.

Any other reasons	At the discretion of the Board
Reconstruction	As defined in liquidity event
Lapse	Resignation/ Cash settlement/ Buy back/ Purchase by Investor/ IPO

**Details about employee stock options granted, outstanding and other information:**

**A Movement during the year ended March 31, 2025 and March 31, 2024:**

The following table provides details about the number and weighted average exercise prices (WAEP) of, and movements in, employee stock options during the year:

	No. of options March 31, 2025	No. of options March 31, 2024 *	Weighted average exercise price
Options outstanding at the beginning	63,746,739	61,621,497	1
Granted during the year ended	15,810,505	5,172,324	1
Expired during the year ended	(1,404,980)	(1,300,596)	1
Settled during the year **	-	(1,746,486)	1
Exercised during the year ended	-	-	1
<b>Options outstanding at the end</b>	<b>78,152,264</b>	<b>63,746,739</b>	

\*The movement of options have been restated to give effect of the bonus shares allotted by the Company on March 28, 2024 in the ratio of 1:500 (500 equity shares of Re. 1 each for every 1 equity share of Re. 1 each held in the Company as on the record date i.e. March 26, 2024).

\*\* During the year March 31, 2024, the Company has repurchased the options exercisable through one time cash settlement at fair value as on repurchase date. The expense for the cash settlement i.e., difference between fair value as on repurchase date and fair value as on grant date for 3,486 options pre bonus (1,746,486 options post bonus) amounting to Rs. 68.36 has been debited to retained earnings.

**B Expense recognized for employee services received during the year are as below:**

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Expenses arising from equity- settled share based payment transactions	274.61	239.89

The fair value of share options granted is estimated at the date of grant using a Black Scholes Merton model, taking into account the terms and conditions upon which the share options were granted.

The expected life used in the model has been adjusted, based on management's best estimate for the effects of non-transferability, exercise restrictions and behavioural considerations. The contractual term of the share options is ten years and there are no cash settlement alternatives for the employees.

(This space has been intentionally left blank)

**Whizdm Innovations Private Limited**

**Notes to the consolidated financial statements for the year ended March 31, 2025**

(All amounts are in Indian Rupees Millions, unless otherwise stated)

The assumptions used while computing fair value of options is as following:

Particulars	As at	As at
	March 31, 2025	March 31, 2024
Weighted average fair values at the measurement date	36.40	36.40
Weighted average remaining contractual life of share vesting options (years)	2.38	2.93
Expected volatility (%)	41%-44%	41%-44%
Dividend yield (%)	-	-
Expected life (in years)	5	5
Risk-free interest rate (%)	7.04%-7.09%	7.04%-7.09%
Weighted average exercise price (Rs.)	1	1
Model used	Black Scholes	Black Scholes

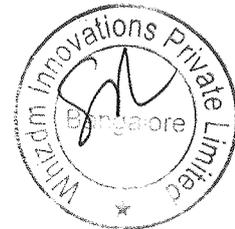

The weighted average fair value of options granted during the year is Rs. 35.40 (March 31, 2024: 35.40)

**(b) Stock appreciation rights (SARs)**

On June 5, 2015, the management approved Stock Appreciation Plan 2015 to be granted to eligible consultants/advisors as and when deemed fit. The SARs price is linked to the fair value of shares as computed by the valuer and are cash settled and vest in the manner as provided in the scheme/grant letters to the consultants/advisors. On February 21, 2023, the board approved the payout of SAR based on prevailing fair value.

	No. of SARs March 31, 2025	No. of SARs March 31, 2024
Rights outstanding at the beginning	-	16,165
Granted during the year ended	-	-
Lapsed during the year ended	-	-
Exercised during the year ended	-	(16,165)
<b>Rights outstanding at the end</b>	<b>-</b>	<b>-</b>

(This space has been intentionally left blank)

**Whizdm Innovations Private Limited**

**Notes to the consolidated financial statements for the year ended March 31, 2025**

(All amounts are in Indian Rupees Millions, unless otherwise stated)

**41 Employee benefit obligations**

**Defined contribution plans**

The Group makes contributions to the provident fund for all eligible employees. Under the plan, the Group is required to contribute a specified percentage of payroll costs. Accordingly, the Group has recognised as expense in the Statement of Profit and Loss the following:

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Employer's contribution to provident fund	14.77	9.90

**(a) Defined benefit plans- Gratuity (unfunded)**

The Group has a defined benefit gratuity plan. Every employee is entitled to gratuity as per the provisions of the Payment of Gratuity Act, 1972. The liability of Gratuity is recognized on the basis of actuarial valuation.

The following table sets out the status of the defined benefit schemes and the amount recognised in the consolidated financial statements:

**(i) Amount recognised in the balance sheet is as under:**

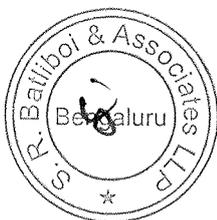

Particulars	As at March 31, 2025	As at March 31, 2024
Present value of defined benefits obligation	85.62	61.92
Fair value of plan assets	-	-
<b>Net liability recognised in balance sheet</b>	<b>85.62</b>	<b>61.92</b>

**(ii) Net amount recognised in the Statement of Profit and Loss is as under:**

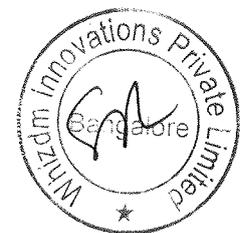

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Current service cost	25.55	18.16
Past service cost	-	-
Interest cost on defined benefit obligation	4.49	3.29
Expected return on plan assets	-	-
<b>Net impact on profit (before tax)</b>	<b>30.04</b>	<b>21.45</b>
Actuarial (gain) recognised during the year	(3.31)	(2.66)
<b>Net impact on other comprehensive income</b>	<b>(3.31)</b>	<b>(2.66)</b>
<b>Total</b>	<b>26.73</b>	<b>18.79</b>

**(iii) Movement in the present value of defined benefit obligation recognised in the balance sheet is as under:**

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Present value of defined benefit obligation as at the beginning of year	61.92	43.93
Current service cost	25.54	18.16
Past service cost	-	-
Interest cost	4.49	3.29
Benefits paid	(3.01)	(0.80)
Actuarial (loss)/gain on obligation:		
- arising from change in demographic assumption	-	-
- arising from change in financial assumption	(9.05)	0.92
- arising from experience adjustments	5.73	(3.58)
<b>Present value of defined benefit obligation as at the end of the year</b>	<b>85.62</b>	<b>61.92</b>

(This space has been intentionally left blank)

(iv) Actuarial assumptions

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Discounting rate (%)	7.00%	7.25%
Future salary increase (%)	8.00%	10.00%
Retirement age (years)	60 years	60 years
Mortality	IALM 2012-14	IALM 2012-14
Withdrawal rate (%)	10.00%	10.00%

a) The estimates of future salary increases, considered in actuarial valuation, take account inflations, seniority, promotional and other relevant factors such as supply and demand in the employment market.

b) Assumptions regarding future mortality are based on published statistics and mortality rates. The valuation of defined benefit obligation is sensitive to the mortality assumptions.

(v) Sensitivity analysis of present value of obligation as at the year end;

Reasonably possible changes at reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amount shown below :

Particulars	As at March 31, 2025	As at March 31, 2024
<b>Impact of the change in discount rate:</b>		
- Impact due to increase of 1.00 %	79.20	56.81
- Impact due to decrease of 1.00 %	93.13	67.97
<b>Impact of the change in salary</b>		
- Impact due to increase of 1.00 %	92.98	67.62
- Impact due to decrease of 1.00 %	79.20	57.02
<b>Impact of the change in withdrawal rate</b>		
- Impact due to increase of 1.00 %	84.17	60.18
- Impact due to decrease of 1.00 %	87.18	63.88

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. The sensitivity analysis are based on a change in a significant assumption, keeping all other assumptions constant. The sensitivity analysis may not be representative of an actual change in the defined benefit obligation as it is unlikely that changes in assumptions would occur in isolation from one another.

(vi) Maturity profile of defined benefit obligation

Particulars	As at March 31, 2025	As at March 31, 2024
0 to 1 year	4.44	2.83
1 to 2 years	1.16	0.58
2 to 3 years	1.42	0.62
3 to 4 years	1.53	0.70
4 to 5 years	1.55	0.72
6th year onwards	78.90	58.63
<b>Total</b>	<b>89.00</b>	<b>64.09</b>

(vii) Risk exposure

These defined benefit plans typically expose the Group to actuarial risks as under:

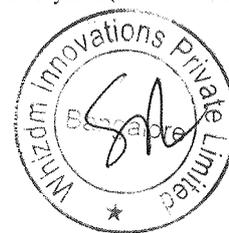

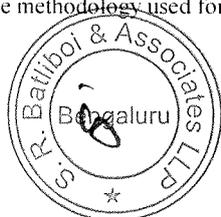

- Investment Risk:** The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.
- Interest rate risk:** A decrease in bond interest rate will increase the plan liability.
- Longevity risk:** The present value of the defined plan liability is calculated by reference to the best estimate of the mortality of plan participants. An increase in the life expectancy will increase the plan's liability.
- Salary risk:** Higher than expected increase in salary will increase the defined benefit obligation.

(viii) Expected contributions to post-employment benefit plans for the period ended March 31, 2025 are Rs. 30.11 (March 31, 2024: Rs. 24.27).

(ix) The weighted average duration of the defined benefit obligation is 24 years (March 31, 2024- 25 years).

(x) The average remaining working life of members of the defined benefit obligation as at March 31, 2025 is 28.73 years (March 31, 2024- 29.5 years)

(xi) The methodology used for actuarial valuation is projected unit credit method.

43 Financial instruments: Fair value and risk managements

A Accounting classification and fair values

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

Particulars	Note	Fair Value Hierarchy	Carrying amount			Fair value

**Notes:**

(i) Short-term and other financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months) and for other financial assets and other financial liabilities that are insignificant in value, the carrying amounts, net of impairment, if any, are a reasonable approximation of their fair value. Such instruments include cash and cash equivalents, bank balances other than cash and cash equivalents, trade receivables, trade payables, lease liabilities, other financial assets and other financial liabilities.

(ii) Loans

The fair value of loans has been determined using a discounted cash flow model which consider certain assumptions viz forecast cash flows, discount rate, credit risk and volatility. As of the reporting date, the fair value of loans approximates their carrying amount due to immaterial differences in discount rates and credit risk.

(iii) Borrowings

The fair value of borrowings has been estimated using a discounted cash flow model, discounting expected future repayments at prevailing market interest rates for debt instruments with comparable terms, credit risk, and maturities. As of the reporting date, the fair value of borrowings closely approximates their carrying amount, as the differences between contractual and market interest rates, as well as credit spreads, are not considered material.

(iv) Fair value of quoted mutual funds is based on the last available Net assets value ("NAV") as at the reporting date.

(v) There has been no transfer in between level I, level II and level III.

(vi) The Group does not have any financial instruments which were measured at FVTOCI.

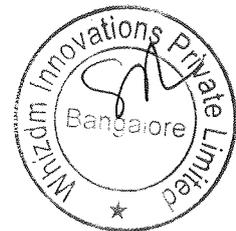

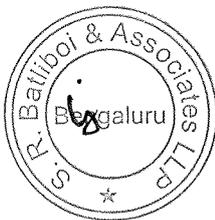

**B Financial risk management - objectives and policies**

**i) Risk Management Framework**

The Group's activities expose it to market risk, liquidity risk and credit risk. The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. This note explains the sources of risk which the group is exposed to and how the group manages the risk and the related impact in the financial statements.

Risk and exposure arising from	Management framework
<b>Credit risk</b> - Bank balances, investments, trade receivables, loans and other financial assets	Bank deposits, diversification of asset base, debtor ageing analysis and credit limits
<b>Liquidity risk</b> - Financial liabilities	Regular equity infusion by existing and new investors, availability of borrowing limits
<b>Market risk</b> - Security price - Investment in mutual funds	Diversification of portfolio with focus on strategic investments.
Interest rate risk- Term loans from banks and financial institutions	Maintaining an effective mix of fixed and variable rate borrowings.

(This space has been intentionally left blank)

**A) Credit risk**

Credit risk is the risk that a counterparty fails to discharge its obligation to the Group. The Group's exposure to credit risk is influenced mainly by bank balances, trade receivables, loan assets, and other financial assets measured at amortised cost. The Group continuously monitors defaults of customers and other counterparties through ageing analysis and incorporates this information into its credit risk controls.

**a) Credit risk management - financial assets other than portfolio loans**

The Group assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Group assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

- (i) Low credit risk on financial reporting date
- (ii) Moderate credit risk
- (iii) High credit risk

The Group provides for expected credit loss based on the following:

Nature and assets covered	Basis of expected credit loss
Low credit risk - Bank balances, investments, trade receivables and other financial assets	12 months expected credit loss for all financials assets other than trade receivables. 'Simplified approach' for recognition of expected credit loss on trade receivables.
Moderate credit risk- None	Life time expected credit loss or 12 month expected credit loss
High credit risk- None	Life time expected credit loss

Based on business environment in which the Group operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Assets are written off when there is no reasonable expectation of recovery, such as a customer declaring bankruptcy or a litigation decided against the Group. The Group continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in Statement of Profit and Loss.

The Company's exposure to credit risk arises from its digital lending services business, through which it facilitates personal loans to various customers (borrowers) via its lending partners. To cover losses incurred by the lenders on loans facilitated by the Company, it provides default loss guarantees to its lending partners. For this purpose, the Company has created a lien against its fixed deposits as collateral for the default loss guarantees issued. These default loss guarantees are defined in contracts with the lending partners and are capped in accordance with the permissible limits outlined in the Reserve Bank of India's (RBI) Digital Lending Guidelines. The Company has, based on current available information, calculated impairment loss allowance using the Expected credit loss (ECL) model to cover the guarantees provided to its financing partners. Refer note 47(a) for maximum exposure to credit risk at the reporting date for default loss guarantee.

**b) Credit risk management for portfolio loans**

The Group's substantial income is generated from lending to retail customers through its financing partners (including its own NBFC) and therefore credit risk arising from loan assets is a principal risk associated with the business.

The credit risk management policy of the Group seeks to have following controls and key metrics that allows risks to be identified, assessed, monitored and reported in a timely and efficient manner in compliance with regulatory requirements

- Standardize the process of identifying new risks and designing appropriate controls for these risks
- Minimize losses due to defaults or untimely payments by borrowers
- Maintain an appropriate credit administration and loan review system
- Establish metrics for portfolio monitoring
- Design appropriate credit risk mitigation techniques

**(i) Risk identification**

Credit risk may originate in one or multiple of following ways mentioned below:

- Adverse selection of target market for undertaking lending activity (negative geographical areas, negative communities, etc.)
- Gap in credit assessment of borrower's credit worthiness (failure to collect KYC documents, verify residential address, assess income source)
- Security gaps or temporary technical glitches in the loan origination application of the Group leading to loans being sanctioned to ineligible individuals
- Over-borrowing by customers
- Improper use of loan amount than the designated activity
- Over-concentration in any geography/branch/zone etc

**(ii) Risk assessment and measurement**

The Group assesses and manages credit risk based on internal credit rating system. The Group assigns the following credit ratings to loan assets based on the assumptions, inputs and factors specific to the loan

- (i) Low credit risk
- (ii) Moderate credit risk
- (iii) High credit risk

The Group provides for expected credit loss based on the following:

Nature	Basis of expected credit loss
Low credit risk	12 month expected credit loss
Moderate credit risk	Life time expected credit loss (not credit impaired)
High credit risk	Life time expected credit loss or fully provided for

**(iii) Risk monitoring**

Monitoring and follow up is an essential element in the overall risk management framework and is taken up very seriously at all levels within the organization. Monitoring and controlling risks is primarily performed based on limits established by the Group.

Loans - Borrower risk categorization is an effective tool to flag potential problems in the loan accounts and identify if any corrective action plan are to be taken. The Group regularly monitors borrower repayments and borrowers are accordingly categorized in low risk and high risk.

The performance indicators are continuously generated through monitoring alerts in the loan origination flow and post disbursement flow to highlight areas requiring attention and action. Monitoring includes diagnostic studies of problem areas in collections performance and proactively taking actions.

The risk monitoring metrics have been defined to track performance at each stage of the loan life cycle:

- Credit Origination - KYC pendency, if any; deviation index from the defined policies and procedures
- Credit sanction - Disbursement to high risk rated borrowers; early delinquency due to fraud
- Credit monitoring -
  - Portfolio at risk - The metrics provides an indication of potential losses that may arise from overdue accounts. (loans staging more than 90 Days past due);
  - Static pool analysis - Provides an indication about the portfolio performance vis-a-vis the vintage of the loans and helps compare performance of loans generated in different time periods
- Collection and recovery - collection efficiency, roll forward rates and roll backward rates.

**(iv) Risk mitigation**

Risk Mitigation or risk reduction is defined as the process of reducing risk exposures and/or minimizing the likelihood of incident occurrence.

The Group has created mechanisms for underwriting credit and risk policy for digital loans.

The following risk mitigation measures has been suggested at each stage of loan life cycle:

- Loan origination - profile/income selection, document verification process, KYC checks, creditworthiness checks based on CIBIL, fraud database checks, device data, regular updates to loan origination application based on security gaps and technical glitches identified etc
- Loan underwriting - Risk rating, credit assessment etc
- Loan pre and post disbursement - disbursement in the bank account only and monitoring of early delinquencies
- Loan collection and recovery - monitor repayments, days past due review, DPD stage-wise collection framework
- Appropriate policy-driven loan origination and collection process.

**(v) Impairment assessment**

The Group is also engaged in the business of providing loans and access to credit to the customers. The tenure of which is ranging from 2 month to 60 months. The Group's impairment assessment and measurement approach is set out in this note. It should be read in conjunction with the summary of material accounting policies.

**Definition of default and cure**

The Group considers a financial instrument defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

As a part of a qualitative assessment of whether a customer is in default, the Group also considers a variety of instances that may indicate unlikelihood to pay. When such events occur, the Group carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate.

It is the Group's policy to consider a financial instrument as 'cured' and therefore re-classified out of Stage 3 when the due amount have been paid. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated credit grade, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition.

The Group's internal credit rating grades and staging criteria for loans are as follows:

Internal rating grade	Internal rating description	Stages
<b>Performing</b>		
Standard grade - no overdue	No over due	Stage I
Standard grade - past due	DPD 1 to 30	Stage I
	DPD 31 to 60	Stage II
	DPD 61 to 89	Stage II
<b>Non-performing</b>		
Sub-standard grade	DPD = > 90	Stage III

**Frequency of recognition**

Riskiness of a financial asset is recognized in the following frequency: -

- At the time of initial recognition all financial assets are recognized as low credit risk.
- Assets are evaluated basis their days past due (DPD) status at every month-end, and risk classification is made accordingly till the time it is fully repaid and closed.
- An asset may be re-recognized if there is adverse field information regarding client default.

**Forward looking Approach**

ECL is based on history of financial asset and also includes forward-looking statement. Ind-AS does not mandate to forecast about the future conditions over the entire expected life of a financial asset, and ensures to extrapolate projection from available, detailed information. These includes -

- Internal historical credit loss experience
- Industry trend of credit loss of homogeneous assets
- Historical credit loss experience of other similar assets to homogeneous set of customers
- Changes in underwriting capacity, collection efficiency, and management strength
- Macroeconomic factors such as interest rates, government consumption and GDP deflator (inflation)
- Regulatory factors such as systemic risk events, policy changes, and statutory guidelines
- Systemic events such as demonetization etc.

**Measurement of ECL**

Expected Credit Loss or ECL is measured in the following manner. The Group calculates ECL based on probability-weighted scenarios to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive.

$ECL = PD * LGD * EAD$

Each item is defined as follows: -

ECL - Expected credit loss

Present value of difference between contractual cash flows and actual cash flows expected to be received over a given time horizon

PD - Probability of default

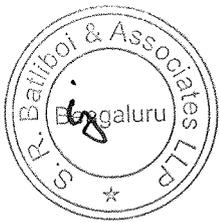

The Probability of default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

LGD - Loss given default

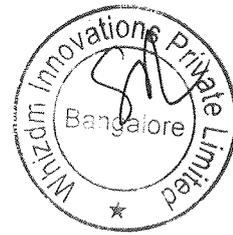

The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the Group would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

EAD- Exposure at default

Cash flows that are at risk of default over a given time horizon, The Exposure at Default is an estimate of the exposure at a future default date.

\* Represents balance outstanding as at reporting date

Transfer of financial assets

a) Transfer of financial assets that are not derecognised in their entirety:

During the period, the Group has entered into securitisation arrangements with various parties. Under such arrangements, the group has transferred a pool of loans, which does not fulfil the derecognition criteria specified under IndAS 109 as the group has concluded that risk and rewards with respect to these assets are not substantially transferred.

The following tables provide a summary of financial assets that have been transferred in such a way that part or all of the transferred financial assets do not qualify for derecognition, together with the associated liabilities:

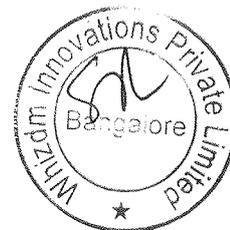

Particulars	As at	As at
	March 31, 2025	March 31, 2024
Carrying amount of transferred assets measured at amortised cost	6,403.20	233.17
Carrying amount of associated liabilities	6,858.03	253.44
Fair value of assets	6,403.20	233.17
Fair value of associated liabilities	6,858.03	253.44

b) Transferred financial assets that are derecognised in their entirety:

The Group has transferred certain stressed and non stressed loans (measured at amortised cost) by way of direct assignment. As per the terms of these deals, since substantial risk and rewards related to these assets were transferred to the buyer, the assets have been de-recognised from the Group's balance sheet. The table below summarises the carrying amount of the derecognised financial assets measured at amortised cost and the gain/ (loss) on derecognition, per type of asset.

Particulars	As at	As at
	March 31, 2025	March 31, 2024
Carrying amount of de-recognised financial asset	3,441.72	671.63
Carrying amount of retained Assets at amortised cost	313.58	39.04
Gain on sale of the de-recognised financial asset	285.48	57.46

(This space has been intentionally left blank)

Financial assets that expose the Group to credit risk\*

Particulars

(i) Low credit risk - Stage 1

Investments (Refer Note (a) below)	571.40	971.39
Trade receivables (Refer Note (b) below)	3,644.61	3,581.73
Cash and cash equivalents (Refer Note(c) below)	5,610.25	4,574.07
Other bank balances (Refer Note(c) below)	5,066.84	4,111.16
Loans	36,585.30	19,239.41
Other financial assets (Refer Note(d) below)	1,910.47	965.38
<b>Total</b>	<b>53,388.87</b>	<b>33,443.14</b>

(ii) Moderate credit risk - Stage 2

Loans	937.27	331.42
-------	--------	--------

(iii) High credit risk - Stage 3

Loans	181.23	37.24
-------	--------	-------

\* These represent net carrying values of financial assets, after deduction for expected credit losses.

Note:

(a) The Group's current investments comprises of mutual funds measured at FVTPL. These instruments are considered to carry low credit risk, as they are backed by issuers with strong capacities to meet contractual cash flow obligations in the near term

(b) The Company is exposed to credit risk in the event of non-payment by lending partners. Receivable credit risk is managed subject to the Company's established policy, procedures and control relating to lending partners risk management. The Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables through a lifetime expected credit loss. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates.

The maximum exposure to credit risk at the reporting date is the carrying value. The Company does not hold collateral as security. Exposures to trade receivables outstanding at the end of each reporting period are reviewed by the Company to determine expected credit losses. However, based on historical trends, past recovery experience, and forward-looking information, the Company has assessed that there is no significant credit risk associated with its trade receivables. This assessment is supported by the fact that the majority of the trade receivables having strong credit profiles, low default rates, and stable payment histories. Additionally, the Company's credit risk exposure is mitigated by continuous monitoring of receivables aging, and prompt follow-up on overdue accounts. As a result, no provision for expected credit losses has been recognized as at the reporting date.

(c) The Group does not have any significant or material credit risk for cash and cash equivalents and other bank balances as investments are made only with banks of high repute.

(d) The Group does not have any significant or material history of credit losses. Hence, the credit risk for all the financial assets has been considered to be negligible by the management as at the closing date.

Concentration of credit risk

The Group focuses on granularisation of loan portfolios by expanding its geographic reach to reduce geographic concentrations while continually calibrating its product mix. The concentration of risk with respect to trade receivables is reasonably low, as Group's customers are located in several jurisdictions representing large number of minor receivables operating in independent markets. [refer note 46 (B)]

B) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Group's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due.

Management monitors rolling forecasts of the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Group takes into account the liquidity of the market in which the entity operates. The management objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner. A balance between continuity of funding and flexibility is maintained through the use of bank borrowings.

In addition, the group has undrawn loan facilities in cash credit amounting to Rs. 50 (March 31, 2024: Rs.60), working capital demand loan amounting to Rs. 250 (March 31, 2024: Nil) and overdraft against fixed deposits amounting to nil (March 31, 2024: Rs.169).

Maturities of financial liabilities

The tables below analyse the Group financial liabilities into relevant maturity groupings based on their contractual maturities.

The amounts disclosed in the table are the contractual undiscounted cash flows.

March 31, 2025

Financial liabilities

	On demand	Less than 1 year	Over 1 year & upto 3 years	Over 3 years & upto 5 years	Over 5 years	Total

(This space has been intentionally left blank)

**C) Market risk**

Market Risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market factor. Such changes in the values of financial instruments may result from changes in the interest rates, credit, liquidity and other market changes. The objective of market risk management is to avoid excessive exposure of our earnings and equity to loss and reduce our exposure to the volatility inherent in financial instruments.

There are broadly three types of market risks:

(1) **Interest rate risk:** Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's main interest risks arise from long term borrowings and short term borrowings with variable rates.

**Exposure**

The Group's exposure interest risk arises from term loan facilities availed from banks and other financial institutions and commercial papers at floating interest rates. The Group constantly monitors the credit markets and balances its financing strategies to achieve an optimal maturity profile and financing costs.

Below is the overall exposure of the Group to interest rate risk:

**Sensitivity**

The table below summarises the impact of increases/decreases of the index on the equity and profit for the year:

**Impact on profit after tax****Particulars**

Interest rates – increase by 1%  
Interest rates – decrease by 1%

	As at March 31, 2025	As at March 31, 2024
	(69.30)	(46.93)
	69.30	46.93

(2) **Currency risk:** Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The operations of the Group are carried out mainly in India. The Group is currently not having any exposures to foreign exchange transactions. Hence, it is not exposed to the currency risk arising from fluctuation of the foreign currency and Indian rupee exchange rates.

(3) **Price risk:** Price risk is the risk that the fair value of future cashflows of an investment will fluctuate because of changes in market prices of the instrument. The Group has made investments in quoted mutual funds which are susceptible to market price risk.

**a) Exposure**

The Group's exposure price risk arises from investments held and classified in the balance sheet at fair value through profit or loss. To manage the price risk arising from investments, the Group diversifies its portfolio of assets.

**b) Sensitivity**

The table below summarises the impact of increases/decreases of the index on the equity and profit for the year:

**Impact on profit after tax****Particulars****Mutual funds**

Net assets value – increase by 1%  
Net assets value – decrease by 1%

	As at March 31, 2025	As at March 31, 2024
	5.71	9.71
	(5.71)	(9.71)

**ii) Capital management**

The Group's capital management objectives are:

- to ensure the Group's ability to continue as a going concern
- to provide an adequate return to shareholders

The key objective of the Group's capital management is to ensure that it maintains a stable capital structure with the focus on total equity, uphold investor, creditor and customer confidence, and ensure future development of its business activities. The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions or its business requirements.

Management assesses the Group's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return on capital to shareholders and issue new shares.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group's policy is to keep gearing ratio below 75%. The Group includes within net debt, interest bearing loans and borrowings, lease liabilities less cash and cash equivalents, excluding discontinued operations.

No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2025 and March 31, 2024.

The capital structure as of March 31, 2025 and 2024 was as follows:

Borrowings other than convertible preference shares\*

Less: Cash & cash equivalent (Refer Note 13)

**Net debt- A**

Equity share capital (Refer Note 19 (a))

Instruments entirely equity in nature (CCPS) (Refer Note 19 (b))

Other equity (Refer Note 20)

**Total equity- B**

Total	<b>7,077.95</b>	<b>4,563.02</b>

**(B) Commitments not provided for:**

There are no commitments of the Group that are not provided for as at March 31, 2025 and March 31, 2024.

**48 Business Combination:****Acquisition of Zeo Fin Technology Private Limited during the year ended March 31, 2025:**

On September 25, 2024, the Group has acquired 100% equity shares of Zeo Fin Technology Private Limited ("Zeo Fin"), at a purchase consideration of Rs. 595.67 pursuant to a share purchase agreement and share subscription agreement. Zeo Fin is in the business of providing financial services in terms of On-demand salary-Earned wage access (EWA). Zeo Fin operates in India and have tie-up with corporates whose employees avail its services.

The goodwill arising on acquisition was accounted on the basis of fair value of assets and liabilities assessed by a registered valuer.

The Group has carried out the purchase price allocation ('PPA') and recorded identified Goodwill, other intangible assets and other assets in the consolidated financial information on initial acquisition. As part of the aforesaid transaction, goodwill of ₹ 331.77 comprises the value of synergies arising from the acquisition has been recognised. None of the goodwill recognised is expected to be deductible for income tax purposes. This acquisition will provide new opportunities to cross sell other products offered by the Group and will enable the Group to further strengthen its brand presence.

The purchase price has been allocated based on the Management's estimates and independent appraisal of fair values.

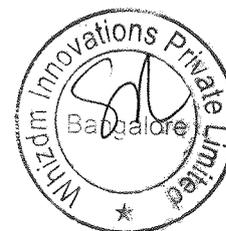

The consolidated financial information have been given effect of this transaction to reflect the relevant accounting implications as at September 25, 2024 and the same has been carried forward in the consolidated statement of profit and loss for the year ended March 31, 2025.

**The fair value of identifiable assets and liabilities of Zeo Fin Technology Private Limited as at date of acquisition were as follows :**

	Amounts
<b>Assets acquired</b>	
Property, plant and equipment	1.13
Trade receivable	15.86
Cash & cash equivalent	44.68
Other assets	188.88
<b>(a) Total assets acquired</b>	<b>250.55</b>
<b>Liability assumed:</b>	
Other liabilities	78.94
<b>(b) Total liabilities</b>	<b>78.94</b>
<b>(c) Total identifiable net assets at fair value (a-b)</b>	<b>171.61</b>
<b>Fair value of intangible assets identified:</b>	
Office software	1.42
Brand	4.89
Customer relationships	85.98
<b>(d) Total identifiable net assets at fair value</b>	<b>92.29</b>
(e) Goodwill arising on acquisition (Refer note 6)	331.77
<b>(f) Total purchase consideration paid in cash (c+d+e)</b>	<b>595.67</b>

**Note:**

- From the date of acquisition, Zeo Fin has contributed Rs. 23.59 of revenue and the loss of Rs. 42.00 to the overall profit of the Group. If the combination had taken place at the beginning of the year, consolidated revenue from operations for the Group would have been Rs. 23,403.23 and the consolidated profit after tax from operations for the Group would have been Rs. 2,274.41.
- The acquisition date fair value of the trade receivables amounts to Rs.15.86. The gross amount of trade receivables is Rs.15.86. However, none of the trade receivables is credit impaired and it is expected that the full contractual amounts can be collected.
- The group has not recognised any contingent liability as part of business combination.

49 Additional regulatory information as required by Schedule III, Companies Act 2013

- (i) The Group do not have any Benami property, where any proceeding has been initiated or pending against the Group for holding any Benami property.
- (ii) The Group do not have any transactions with companies struck off
- (iii) The Group do not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.
- (iv) The Group have not traded or invested in Crypto currency or Virtual Currency during the financial year
- (v) The Group have not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:
  - (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or
  - (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries
- (vi) The Group have not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall:
  - (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
  - (b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

50 Events after reporting period:

(a) The Board of Directors of Whizdm Fintech Private Limited, a wholly-owned subsidiary, in its meeting held on April 22, 2025, has approved for an application to be made to the registrar for its name to be struck off from the Register of Companies. This decision has been made following a thorough review of the subsidiary's operations and strategic alignment with the Company's long-term objectives.

No adjustment has been made in the consolidated financial statements w.r.t to the strike off.

(b) The Board of Directors of Zeo Fin Technology Private Limited ("Zeo Fin"), in its meeting held on November 30, 2024, has approved the scheme of amalgamation with its wholly owned subsidiary, Zeo Fin Capital Private Limited ("Zeo Cap") under the provision of the Companies Act, 2013. The Company received the requisite approval from the Ministry of Corporate affairs on May 02, 2025 for the amalgamation to be effective from April 01, 2024. The new structure will increase operation efficiency and integrate business functions leading to more simplified corporate structure and utilization of capital for the future growth. No fresh shares are issued to effect the merger as Zeo cap is wholly owned subsidiary of Zeo fin. Further the merger is accounted using pooling of interest method, involving the following:

- (i) The assets and liabilities of Zeo Cap are reflected at their carrying amounts. No adjustments is made to reflect the fair values, or recognise any new asset or liability.
- (ii) The financial information in the financial statements is restated from effective date April 01, 2024
- (iii) The balance in retained earnings appearing in the financial statement of Zeo Cap is aggregated with the corresponding balance appearing in the financial statement of Zeo Fin.

(c) In compliance with the provisions of Rule 18(7)(c) of the Companies (Share Capital and Debentures) Rules, 2014, as amended by the Companies (Share Capital and Debentures) Amendment Rules, 2019, the Company has invested a sum of Rs.120, being 15% of the debentures maturing during the financial year, in fixed deposits maintained with a scheduled bank. These investments are unencumbered and are made with the objective of ensuring adequate liquidity for the timely redemption of debentures as per regulatory requirements.

51 Proper books of account as required by law have been kept by the Company and its subsidiaries and these are maintained in electronic mode on servers physically located in India. The Group has defined process to take daily back-up of books of account maintained electronically and complied with the provisions of The Companies (Accounts) Rules, 2014 (as amended). However, no logs of the daily back-up of such books of accounts has been maintained by the Group in respect of accounting software used by the Company for maintaining payroll, expenses and loan management.

The Company and its subsidiaries have used accounting software for maintaining their respective books of accounts which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that:

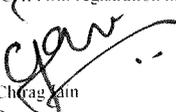

- a) For one of the software used by the Company for expense processing (from November 2024), audit trail feature is not enabled at the database level.
  - b) In respect of two other software used by Company for managing payroll and expense records till June 2024 and October 2024 respectively, which were operated by a third-party software service providers, the Company is not in possession of relevant evidences to showcase whether audit trail feature of the said software was enabled and operated throughout the year for all relevant transactions recorded in the software, whether there were any instances of the audit trail feature being tampered with and whether the audit trail has been preserved as per the statutory requirements for record retention.
- Further, there are no instances of audit trail feature being tampered with in respect of accounting software where the audit trail has been enabled. Additionally, the audit trail has been preserved by the Group as per the statutory requirements for record retention, in respect of accounting software where the audit trail has been enabled.

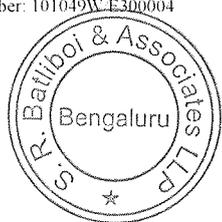

52 During the year ended March 31, 2025, the Group has changed it's currency denomination from lakhs to millions. Accordingly, all amounts disclosed in the financial statements and notes have been rounded off to the nearest millions as per the requirement of Schedule III (Division II) to the Act, unless otherwise stated.
